

Little Owl Box

LOB

Ready to accept optional camera system with 30mtr lead

- Robust long-lasting design
- Integral lockable inspection/cleaning hatch
- Made from naturally durable FSC hardwood timber

The Little Owl Box is constructed from a naturally durable FSC cedar timber (FSC certified timber from well managed forests). Robust in construction the box is designed to last for many years. The unit comes complete with a lockable inspection/cleaning hatch and a reduced size entrance hole to deter larger owl species.

Little Owl facts

The Little Owl is a successful introduction to the UK but has declined in recent years

They feed mainly on invertebrates, small mammals like mice, voles and shrews, but will also take small birds.

Small and dumpy in appearance, it has a habit of sitting atop a post, pole or prominent perch.

The Little Owl hunts mainly at dawn and dusk but is also active during the day
